

BNF Engineering (S) Pte Ltd is an established engineering solution provider, offering Natural Gas System to the Oil & Gas, Power and Industrial Facilities. With our recent expansion, we would like to invite dynamic and resourceful candidates to join us for the following positions in our regional headquarter, located in Singapore:

PROJECT MANAGEMENT GROUP (To be posted in Singapore)

Experience/ Scope of Work:

- Project Management experience in construction, steel structural / piping / pressure vessel fabrication.
- Experience in Natural Gas transmission & distribution system will be an added advantage
- Experience in using Project Management tools such as Primavera and Microsoft project
- Familiar with ASME B31.1 & B31.3 design code.

PROJECT MANAGER

Qualification:

- 5 to 10 years Project Management experience in oil & gas industry, with proven track record
- Minimum Degree in Electrical, Electronics, Chemical, or Mechanical Engineering
- PMP certified or equivalent

PROJECT ENGINEER

Qualification:

- 3 to 5 years working experience
- Minimum Degree in Electrical, Electronics, Chemical, or Mechanical Engineering
- Posses Certified Safety Supervisor or Safety Coordinator
- Certified Confine Space Safety Assessor will be added advantage
- PMP certified will be an added advantage

PROJECT PLANNER

Qualification:

- Minimum 5 years working experience in the oil & gas industry
- Minimum Degree in Electrical, Electronics, Chemical, or Mechanical Engineering
- PMP certified will be an added advantage

PROJECT COORDINATOR

Qualification:

- Minimum 3 years working experience in the oil & gas industry
- Minimum Degree in Electrical, Electronics, Chemical, or Mechanical Engineering

QUALITY CONTROL ENGINEER

Qualification:

- Minimum 5 years working experience in the oil & gas industry
- Minimum Degree in Mechanical Engineering
- Certified Welding Engineer

QUALITY CONTROL INSPECTOR

Qualification:

- 3 to 5 years working experience in the oil & gas industry
- Minimum Degree / Diploma in Mechanical Engineering
- Certified Welding and NDE Inspector

DOCUMENT CONTROLLER

Qualification:

- More than 5 years experience in a similar function
- Experience in construction projects, preferably in the oil & gas industry

RESIDENT TECHNICAL OFFICER

Qualification:

- More than 5 years relevant site experience
- Possess relevant qualification and registered with local authority
